| Cobalt-28 Chromium-6 molybdenum Alloy Casting and Casting Alloy For Surgical Implants (UNS R30075) | -                            |

**Shipment is in compliance to MXO - 00055, R06 Maxx Orthopedics Vendor Requirements Documents**

We hereby certify that all parts and/or materials included in this shipment have been manufactured and/or processed in conformance with all applicable drawings and/or specifications and instructions. We further certify that documentation is available for examination as evidence of conformance to the applicable specifications and requirements and that Meril Healthcare maintains a QMS compliant with ISO 13485:2016 and 21CFR part 820.

Special Process Certs will list traceability information for those components, sub assemblies and assemblies that are subjected to processing outside of Meril Healthcare. The particular process will be noted per abbreviations listed below, followed by the Meril Healthcare Purchase Order number by which the parts were processed under. The individual certificates will document the specifications and results, and will be retained in the Meril Healthcare DHR.
